TRACT 27-22 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

A. PRESCRIPTION:

1. Harvest unit 1 has a clearcut prescription with an estimated average residual basal area of 7 sq. ft.
2. Harvest unit 2 has a clearcut prescription (.5 acre) patch with no residual basal area.
3. Harvest unit 3 has a clearcut prescription with an estimated average residual basal area of 1 sq. ft.

B. HARVEST REQUIREMENTS:

1. Harvest unit 1: harvest all hardwood 2" and greater except leave all oak less than 10" dbh, red painted leave trees, and leave all conifer.
2. Harvest unit 2: harvest all hardwood 2" and greater. Leave conifer.
3. Harvest unit 3: harvest all hardwood greater than 4". Leave all red painted trees and conifer.
4. Sale boundaries consist of red paint line, trail, adjacent young timber.
5. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.

C. ACCESS AND ROADS:

1. Access is off echo valley road and off lamont road if necessary.

D. OTHER:

1. Unit 2 has one .5 acre painted gap on the west side of the unit adjacent to Unit 1.
2. No piling of wood within 100 ft of the powerline.
3. A stream crosses the trail before you enter the sale. Crossing is in good condition.
4. Unit 3 minimize damage to the understory specifically the maple and aspen regeneration. Ironwood is present in the understory and knocking that down or cutting is encouraged.
5. In 2018, oak wilt was officially confirmed in Bayfield County. Currently, this timber sale is located more than six miles away from the closest known infected tree. However, over the duration of this contract, additional infections could be discovered. If, over the duration of this contract, including extensions, oak wilt is officially confirmed within a six mile radius of this timber sale, as determined by the county, the following seasonal restriction will be applied: no harvesting operations will be allowed between April 15 (or as otherwise determined by the county) and July 15
6. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
7. Do not damage any survey monumentation.
